STUDENT READING AND ACTIVITY BAGS

Looking to provide high-quality educational resources for your students? Learning Bags are lightweight backpacks or carry packs that contain a wide variety of age-appropriate learning materials selected by our team of academic experts to improve students' critical reading skills, mathematical proficiency, and scientific habits of mind, while helping to provide remote-based learning opportunities. Our Learning Bag catalog includes a range of grade-level, theme, and size options tailored to meet a diversity of interests and to fit any budget.

Choose from an extensive catalog of Reading Bags & Activity Bags

Reading Bags
Build your students' literacy and language skills by exposing them to a collection of fiction and nonfiction texts that engage them in topics connected to the real world and spark their curiosity.

Activity Bags
Engage students with a variety of age-appropriate games, tools, and activities that reinforce math, scientific, and STEM concepts, and encourage family involvement.
